

The
Geological
Society

Technical convenors:

Mike Lovell
(University of Leicester)

John Rees
(British Geological Survey)

David Long
(British Geological Survey)

Nick Riley
(British Geological Survey)

Andy Chadwick
(British Geological Survey)

Rob Larter
(British Antarctic Survey)

Ian Gallet (SUT)

International Conference

Sediment-hosted Gas Hydrates: New Insights on Natural and Synthetic Systems

25 - 26 January 2006

The Geological Society, Burlington House, London

An inter-disciplinary meeting to discuss new results from field, laboratory and modelling studies with keynote lectures, presentations and posters.

Short discussion workshops on key topics:

Resources, Hazards, & Climate change

Chemistry, Physics, & Geotechnical properties

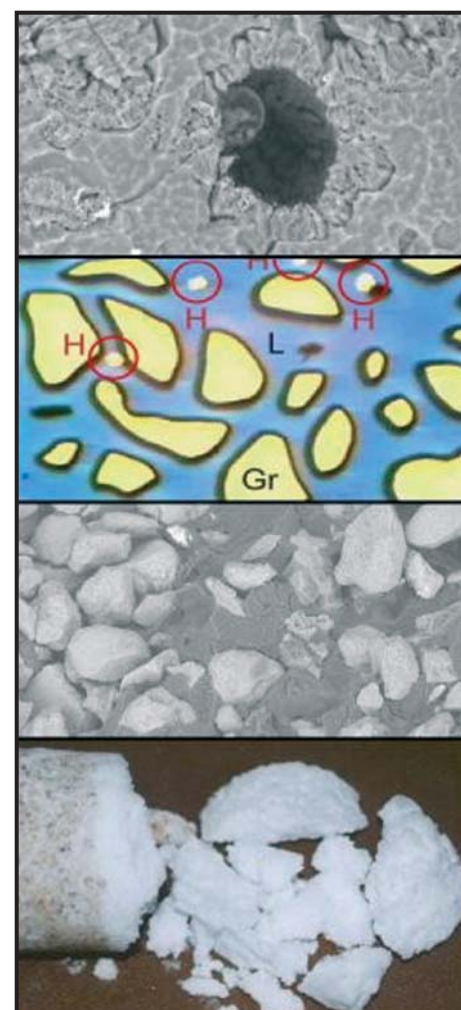

We aim to publish a special volume of peer-reviewed papers

Abstracts (250 words maximum) and discussion workshops (topic/leaders) are to be submitted to mike.lovell@le.ac.uk by **31 August 2005**

This conference is also convened on behalf of the Borehole Research, and Marine Studies Groups of the Geological Society and the Society of Underwater Technology (SUT)

For further details please contact Lydia Dumont, Conference Office, Geological Society, Burlington House, Piccadilly, London W1J 0BG.
